Create ultimate minecraft buildings!

ULTIMATE MINECRAFT: WINTER WONDERLANDS

Ultimate Minecraft is a general Minecraft class for students of all ages, where students go through a variety of different activities, ranging from mini-games and build challenges to competitive Player Vs. Player matches. For Winter Wonderlands, students have the opportunity to enjoy new winter versions of our classic activities such as Hide and Seek and the Minecraft Castle War! On the creative side, you'll also work with your fellow Minecrafters to create an icy winter castle using all of your creativity and skill.

NOTE: Limited to 12 students per class.

SCIENCE: AQUATIC ADVENTURES

Join our STAR Scientists for an exciting underwater adventure! Explore the expansive and diverse world of animals and plants that live underwater. Hone your chemistry skills as you learn about ocean acidification and how to measure pH levels. In this class students will learn about ocean topography, underwater mapping, and how bioluminescence works in nature. Become an eco hero by studying coral reef preservation, the role of kelp, and how to care for our oceans through sustainable fishing, and oil spill management. Learn what it takes to become a marine biologist!
