

Directory Information and Media Release Notification

State and federal law allow the School to release directory information about your child to military recruiters, individuals, officials, agencies, non-profit organizations, employers, prospective employers, and the news media (e.g. newspapers, magazines, and radio and television stations), upon request and without your prior consent.

Directory information may include the student's name, address, phone number, e-mail address, photograph, date and place of birth, major field of study, grade level, enrollment status, dates of attendance, participation unofficially recognized activities and sports, weight and height of members of athletic teams, degrees/honors/awards receive, and the most recent education agency or institution attended. State and federal law allow parents/guardians to opt out of the School's release of directory information to these outside individuals and organizations.

The School also publishes directory information about students for the purpose of providing the community with information about activities, events, school awards, assemblies, academic, and co-curricular programs. School publications may include school newsletters, school websites, photos, video productions, news releases and school-related social media sites.

This release DOES NOT apply to publication of a student's directory information in publications such as a yearbook or by outside news media. Outside news media may interview and/or photograph students with their consent and the school cannot restrict students' right to speak freely with media representatives or consent to be photographed or interviewed. Parents and/or guardians may instruct their children not to communicate with news media representatives.

I further release Bella Mente, its Board of Directors, employees and representatives from any liabilities arising out of use of this material and I hereby waive any right that I may have to inspect and approve the finished product or copy that may be used in connection with any image used by the school.

If you do not wish to have directory and/or media information about your child published or released, you must opt-out by completing the DIRECTORY INFORMATION and/or MEDIA OPT OUT FORM (available at the front office).
